

THE ART OF LISTENING

A One-day Workshop to Improve Your Relationships through Focused Listening
With Friar Justin Belitz, O.F.M

Saturday, December 10, 2022 9 a.m. – 6 p.m.

Indianapolis

Dear Friend,

Most people do not listen with the intent to understand; they listen with the intent to reply.

This reality is a major issue in human relationships. The *Art of Listening* workshop presents the theory behind “focused listening” but more importantly, most of the class time is devoted to listening exercises.

The skills you take with you from this experience are guaranteed to improve all of your relationships: with family members, with people at work, with friends and acquaintances. You can carry these skills with you for the rest of your life!

Sincerely and with much love,

The workshop will help you:

- **Discover how well you really listen**
- **Learn new ways to enhance your listening/learning ability**
- **Deepen your understanding of yourself and others**
- **Improve all your love relationships**
