Do you want to experience more peace and less stress? Do you want more out of life? Would you like more balance in your daily schedule? Here is a weekend experience that can help you attain this and any other goals you desire.

In this weekend experience, you will learn how to:

- ▶ Set personal goals and learn how to achieve them
- ▶ Keep your attitude positive
- ▶ Motivate yourself
- ▶ Overcome fear
- ▶ Move through life changes successfully
- ▶ Affirm yourself and others
- ▶ See problems as opportunities

Dear Friend:

This workshop, based on my book, **Success: Full Living**, explains the Life Mechanism and how it works. If you make one set of choices, you will create a satisfying life. If you make another set of choices, you will create a dissatisfying life. The choice is always yours.

During the weekend, you will be able to complete a detailed self-evaluation, set goals in seven major areas of your life, learn to develop positive attitudes, and much more.

God bless!

“This has truly changed my conscious choices in how I attempt to be the best version of myself. In other words, the best me I can be.” -- Past Participant
